## FRAUD FLASH

### COVID-19

#### Unemployment Benefit Scam

Scammers are using stolen identities to take state unemployment benefits meant for people who are out of work due to COVID-19. They then want you to accept these funds electronically by:

(1) convincing you that they are a romantic partner, distant family, or new employer, and  
(2) offering a false explanation about the funds to hide their true source. Once they gain your trust, they ask you to withdraw and send the funds to them or others by cash, checks, or mobile payments, such as the Cash App.

Several member accounts have been involved in this scheme, so be careful when dealing with people online. If they want to send money for you, cut off all communications immediately because the money was likely obtained through fraud. If you receive a deposit from another state you do not recognize or expect, do not withdraw the funds! Contact us immediately so that we can return them.
